NOSOTROS

La empresa EYSH diseñamos, fabricamos y comercializamos productos plásticos mediante diferentes procesos, orientando a satisfacer las necesidades de la industria. Entre sus ramas de producción se encuentra KANIMI KIDS, como base principal en Rotomoldeo, la cual ofrece la posibilidad de crear su propio set de juegos infantiles para parques, áreas de recreación, entre otros.

MISIÓN

KANIMI KIDS busca liderar el mercado de producción y distribución de juegos infantiles para exterior, así como brindar a nuestros clientes productos con altos estándares de calidad, asegurando así la integridad de sus proyectos.

VISIÓN

Nuestra visión es satisfacer las necesidades de todos los usuarios en México de áreas recreativas, enfocados en nuestra política de calidad, cumpliendo con nuestra misión y viviendo nuestros valores.

VALORES

Respeto, honestidad, responsabilidad, compromiso y solidaridad. Enfocados hacia nuestros clientes, trabajadores, medio ambiente y sociedad.

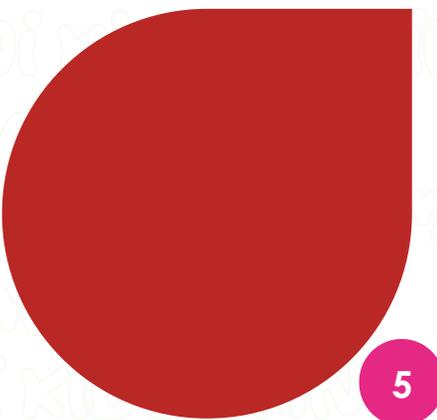

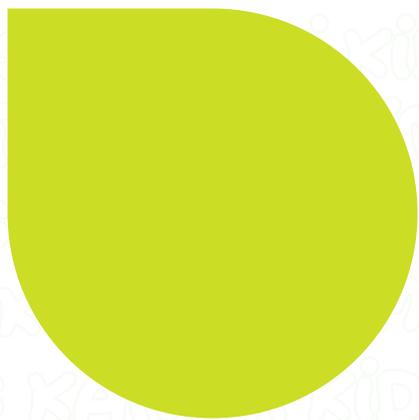

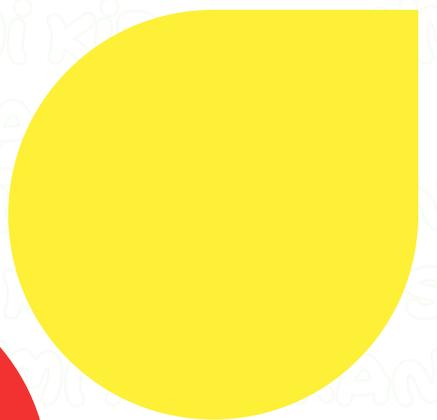

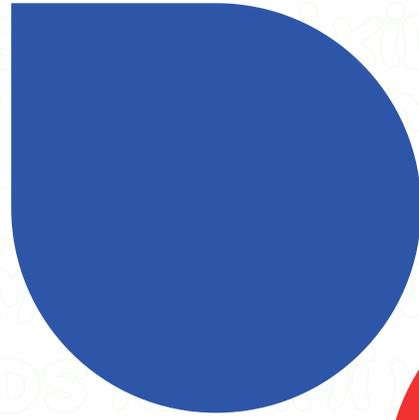

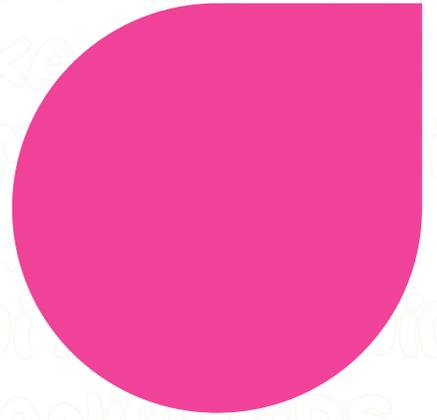

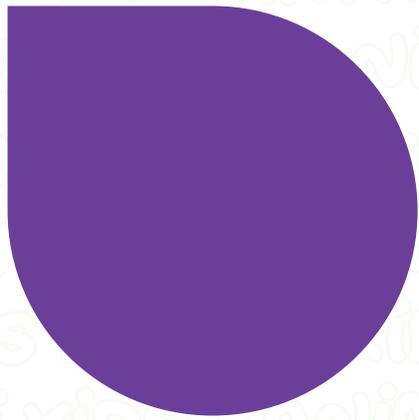

Las estructuras de los juegos cuentan con pintura electrostática que da un mejor acabado y lo protege contra los rayos UV. Los juegos cumplen con todas las medidas de seguridad requeridas siendo así los más seguros y funcionales del mercado.

Nuestros productos cuentan con garantía de 5 años tanto en color como en resistencia, no necesita ningún tipo de mantenimiento. Sólo requiere de limpieza para conservar su color. No aplica en casos de vandalismo, ni de una mala instalación.
